

RYAN RICHARDS

(984) 289-2932 | ryanmarkrichards2@gmail.com | 735 N 400 E Apt 32, Provo, UT 84606

EDUCATION

Brigham Young University — B.S. Computer Science, Minor in Mathematics

Aug 2022 – Present

GPA: 3.95 | Major GPA: 4.00 | Expected Graduation December 2027

Provo, UT

Relevant Coursework: Data Structures, Discrete Structure, Algorithm Design and Analysis, Software Design (2), Web Programming, Deep Learning, Agent Engineering, Systems Programming, Mathematical Cryptography, Calculus (3), Math Fundamentals (Proofs), Linear Algebra, Technical Communication

EXPERIENCE

Web Developer — BYU Center for Teaching and Learning

May 2026 – Present

Provo, UT

- Developed and maintained BYU's learning management system using PHP, MySQL, JavaScript, Vue, and CSS, used by thousands of students.
- Worked independently and with a team to maintain and extend a large legacy codebase (Git, GitLab).
- Led a project to add new features to improve communication of grades to students.

Computer Science Teaching Assistant — Brigham Young University

Sept 2025 – Present

Provo, UT

- Led lab sessions of up to 20 students, explaining core computer systems concepts.
- Provided one-on-one technical support to students on programming assignments.

Digital Instructor — Tech Academy

June 2025 – Aug 2025

Raleigh, NC

- Taught classes of up to 15 students in LEGO engineering, game design, programming, and video editing.
- Researched construction software and rewrote unclear LEGO instructional materials for clarity.

Software Developer — Insytes Development LLC

Mar 2022 – Oct 2022

Cary, NC

- Worked with a small team on a mobile journaling app in Flutter and Dart for face-to-face historical documentation.
- Developed baseline framework.

TECHNICAL SKILLS

Proficient: JavaScript, HTML, CSS, Python, Java, C++

Moderate: Flutter/Dart, C, Node.js, AWS, PHP, Vue, SQL

VOLUNTEER EXPERIENCE

Volunteer — Kramden Institute (8 hrs/week)

May 2023 – May 2025

Durham, NC

- Loaded new operating systems onto 100+ laptop and desktop computers for digital equity programs.
- Diagnosed and repaired malfunctioning computers; reclaimed CPUs, hard drives, and RAM for reuse.

AWARDS

Eagle Scout (2019) | National Merit Scholar (2022) | BYU Heritage Scholarship (Full Tuition, 2022-Present)
